RE: CG Docket No. 03-123
Federal Communications Commission (FCC)
445 Twelfth Street SW
Washington, DC 20554

Dear Chairman Martin, Commissioners Adelstein, Copps, McDowell, and Tate:

I am a deaf person and I use Video Relay Service (VRS) to communicate. I was appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do everything in its power to make VRS available to more deaf people.

I, along with other Deaf individuals, use these services in both my work and personal life. It is an important way in which I/we communicate with both hearing and deaf individuals. I urge you to do everything you can to make VRS service available to the many deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf people, not discourage them from reaching out to more deaf people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

Sincerely,

Mr. Walter A. Myers

Dear Sir,
Friend I know today
is one of your days
of rest but I'm a
Official in distress in
David Koreshe's ^{people's} home
and have turned in over fifty
but point nine million

and all the illegal
shows even the American
ones made under duress
believe on a F.C.C.

No play list in violation
of F.C.C. law

Please do your
duty and compromise
the last of em while
you can and then
illegal media wares
in violation yet of law
with National Guardsmen
and ~~you~~ you'd be
greatly appreciated

Sorry for the poor penmanship
I'm drugged and

A hypnotic reaction from
one blew over the Coocoo's
nest area. I was illegal
hypnotised there at Greystone
Park and where Woodie Guthrie
was a patient and Bob Dylan
visited etc.

of illegal

enemy within and their interests
Worldover for Deportation
only ^{and} show

Cooperative some they
~~illegally~~ ^{illegally} put

~~an illegal~~ ^{media} interest
Called AMC ^{TV station} in my name

without permission granted
from me J.L.M. CO#7?

and I'd like it taken
off the air today
or I hope and also

to get illegal media
wares of theirs the Nazis
terrorists searched seized
and destroyed by water

abolished hope on the site
of station or studio please today ok
hope ^{please} second around F.C.C. Branch

officially please with U.S.
National Guard even please and
Commissary 315 in media

They are making
up copies of their
illegal shows for
abroad for the the goes
world over with illegal
negatives and copies of
film mostly and TV shows
at Pasadena Playhouse
Pasadena CA tonight
unless you compromise
em they'll send em
out for distribution
at 2PM or so believe

Please compromise em in New York
even and Atlanta GA Ted Turner
in custody get his film etc
are illegal Please do your
duty to God and Country
Please even what and
what their friends
Good Luck with it
If you care especially
so today on the television
wasteland continues
one more tedious day
I hope not.

RE: CG Docket No. 03-123

Federal Communications Commission (FCC)

445 Twelfth Street SW
Washington, DC 20554

Dear Chairman Martin, Commissioners Adelstein, Copps, McDowell, and Tate:

I am a deaf person and I use Video Relay Service (VRS) to communicate. I was appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do everything in its power to make VRS available to more deaf people.

I, along with other Deaf individuals, use these services in both my work and personal life. It is an important way in which I/we communicate with both hearing and deaf individuals. I urge you to do everything you can to make VRS service available to the many deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf people, not discourage them from reaching out to more deaf people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

Sincerely,

Kathleen Feldman

RE: CG Docket No. 03-123

DATE: May 30, 2007

Federal Communications Commission (FCC)
445 Twelfth Street SW
Washington, DC 20554

Dear Chairman Martin, Commissioners Adelstein, Copps, McDowell, and Tate:

I am a hearing person and I use Video Relay Service (VRS) to communicate with many of my deaf friends and colleagues. It is still very new technology to many. I am appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, hence effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do everything in its power to make VRS available to more deaf people. Public places should be outfitted with the access!

I, along with many Deaf/deaf individuals, and many hard-of-hearing/hearing impaired, as well as speech impaired individuals, use these services. It is an important way in which to communicate with deaf individuals. I urge you to do everything you can to make VRS service available to the many deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Service more deaf people, not discourage them from reaching out
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services. Thank you.

Sincerely,
